

AoLE: Expressive Arts	Subject: Art	Year: 9 (Term 1) Assessment 1 = Popular culture portrait
------------------------------	---------------------	--

Progression Table

Progression Indicator	Skills
Excelling	<p>A very good use of colour and contrast using aspects of the artists learnt as well as personal ideas to better the quality. Artist influence is evident by use of colour and composition Portrait shows very good use of proportion from using techniques therefore all aspects of face in correct places Very good mature composition, perfectly designed and thought out piece that is visually interesting. A detailed explanation on choice of era and person to show vast understanding of the subject. Use of background is very good and thought out to better the quality of the art The evaluation is personalised, highlighting the strengths and challenges. Describing 'what went well' and 'even better if' it was to be attempted again.</p>
Advancing	<p>Good composition design, thought out well to make it interesting for the viewer. Artist influence is evident by use of colour and composition Use of background is good and thought out to better the quality of the art Applied good control when using shade, midtones and light. Explained the choice of era and person in good detail to show a good understanding of the subject. The presentation is good and the annotation includes appropriate art vocabulary.</p>
Securing	<p>Artist influence is starting to be used with some guidance Started using shade, midtones and light to better work. . Background used There is more variation in the shading which has made some parts slightly more 3D. The presentation is good and I have described what the work is in my annotation using some art vocabulary.</p>
Beginning	<p>Applied some influence from artists learnt with guidance. Limited skills of colour, shade and drawing is evident. Background considered My presentation is satisfactory and I have annotated my work to say what I have done.</p>
